A comparison of mean daily discharge across various rivers Mean Daily Discharge (m³/s<sup>-1</sup>) 40 -Catchment Area (km²) 250 30 -500 750 1000 10 -1250 200 400 600 Yearly Discharge Range (m<sup>3</sup>/s<sup>-1</sup>)

nt individual rivers. Bubble size is proportional to catchment area.

River Discharge Increases with Catchment Area
