A comparison of mean daily discharge across various rivers Mean Daily Discharge (m<sup>3</sup>/s<sup>-1</sup>) 40 -Catchment Area (km²) 250 30 -500 750 1000 10 -1250

400

600

River Discharge Increases with Catchment Area

nt individual rivers. Bubble size is proportional to catchment area.

Yearly Discharge Range (m<sup>3</sup>/s<sup>-1</sup>)

200
